- Critically read and analyze the theories of administration.

Second Year

**SECOND ALLIED COURSE - I
POLITICAL ECONOMY : THEORIES AND
PRACTICES
(Theory)**

Semester-III

Code:

Credit: 5

OBJECTIVES :

- This course objectives firstly focuses the students the politics of global economic relations. Students would be made to understand the intricacies of politics and economics and its interaction in day-to-day life.
- To this end, a basic understanding of international trade, finance, and investment and a familiarity with the instruments and strategies adopted by political institutions in an effort to manage those economic relations and more importantly the existing conceptual and theoretical frameworks that explains the connections between economics and politics will be dealt with.
- By examining theories of international political economy, along with related case studies and issues, this course will treat the institutional context of economics – markets, banking systems, the world monetary order, multilateral trade agreements, multinationals and so forth – as problems to be explained rather than as assumptions from which most orthodox economic theory proceeds. Moreover, the students will be able to understand the pull and push factors of Indian political economy from independence to this current scenario.
- Thus there will be a relational tension throughout the course between the global sphere and the local context.

UNIT – I INTRODUCTION TO POLITICAL ECONOMY :

- Gain knowledge of development of party system in India.
- Understand role and significance of political parties in democratic system.
- Know about the objective and working of leading national and regional parties of India.
- Gain knowledge of various political parties.
- Understand the main concepts of functions of political parties.

Third Year

MAJOR BASED ELECTIVE COURSE - I
2. RESEARCH METHODOLOGY
(Theory)

Semester-V

Code:

Credit: 5

LEARNING OBJECTIVES :

- To gathering knowledge about the methods and process of social science Research.
- Acquiring information regarding to research design and types of research.
- To know how the relevant data can be collected and processed.
- The students to be fairly confident to understand and executing small and simple research projects.

UNIT – I INTRODUCTION :

The meaning, nature and scope of social science research- Pure and applied Research – Problems in social sciences research- Ethics and values in Social science research.

UNIT – II METHODS AND PROCESS :

Methods of social science research: historical, comparative and descriptive methods- Hypothesis- Concepts – Variables.

UNIT – III RESEARCH DESIGN AND TYPES OF RESEARCH :

Research design- Types of research; exploratory- Descriptive-Experiment-Content analysis.

UNIT – IV COLLECTION OF DATA AN ANALYSIS :

Collection and analysis of data; sampling method- Observation- Survey- Case study- questionnaire and interview method- Statistics and its use in Social science research- Computer and its applications- SPSS.

UNIT – V RESEARCH REPORT :

Research report: purpose – Content- Style and presentation- Footnotes and Endnotes- Tables and figures- Bibliography- Appendices- Plagiarism.

UNIT - VI CURRENT CONTOURS (For Continuous Internal Assessment Only):

FGD AND KII :

Focused Group Discussion (FGD) and Key Informant Interview (KII)
