

BHARATHIDASAN UNIVERSITY

TIRUCHIRAPPALLI - 620 024

CIRCULAR

Date : 31.12.2009.

A New 4 year B.S. degree programmes are introduced at Bharathidasan university in the disciplines of Computer Science, Bio-technology, Bio-informatics, Geo-Sciences and Electronics on par with B.E and B.Tech. degree programmes. This nomenclature has been instituted by UGC and is published in the Gazette of India.

Benefits of pursuing these 4 year B.S. degree programmes.

The 4 year B.S. degree programmes have the following benefits built in :

1. These degrees are on par with B.E / B.Tech programmes.
2. The degrees help students to join M.E / M.S and M.Tech programmes in India and abroad.
3. B.Sc degree holder can join in the third year of these B.S. programmes as a case of lateral entry.
4. A professional 4 year degree can be pursued at the Arts and Science Colleges at an affordable cost.

University Departments and Affiliated Colleges of our University, who have the required infrastructure such as lab facilities, faculties and class rooms are welcome to start these courses from the coming academic year 2010 onwards.

Those who are willing to offer these courses in their institutions should apply in the prescribed format on or before 1st March 2010. Inspection of the facilities would be carried out during April / May 2010 and approval will be accorded in June 2010. The courses will commence from 1st July 2010. The curriculum and the syllabi are available in the University website www.bdu.ac.in for the perusal.
