About the University:

Bharathidasan University, established in 1982 and named after the great Tamil revolutionary poet Bharathidasan, is a premier State University located in Tiruchirappalli, Tamil Nadu. The University is accredited with 'A+' Grade by NAAC in the Third Cycle and ranked 36th among Indian Universities in NIRF-2025. Bharathidasan University was established to serve the people of the region and to promote higher education, research, and extension activities. The University is spread across a scenic campus and comprises multiple Faculties and Departments offering diverse programmes at the undergraduate, postgraduate, and doctoral levels. The University has been a catalyst in transforming higher education in Tamil Nadu by fostering excellence, inclusivity, and innovation across disciplines. With a strong emphasis on research and innovation, Bharathidasan University houses several Departments of Special Assistance (DSA), Centres of Advanced Study, and research centres recognised by national funding agencies. The University strives to produce well rounded, competent graduates equipped to address societal and national challenges, truly embodying the spirit of its visionary namesake.

About the Department:

The Department of Marine Science, Bharathidasan University, is a premier centre for marine education and research in India. Established with a vision to advance the understanding of marine ecosystems, the Department offers postgraduate and doctoral programmes and has been actively engaged in cutting-edge research in marine biology, oceanography, aquaculture, marine biotechnology, and coastal ecology. The Department is well-equipped with modern laboratories, research vessels, and state-of-the-art instrumentation to support high quality research. Over the decades, the Department has produced eminent marine scientists and researchers who have contributed significantly to the understanding of the Indian Ocean and its biodiversity.

Research Collaborations with national institutes such as CMFRI, CIBA, NIO, and international organisations have greatly enhanced the Department's academic standing. The Department has been the recipient of major grants from UGC, DST, DBT, MoES, MoEF & CC, TANSCHÉ and other funding agencies, and has been identified as a Department of Special Assistance (DSA) by the UGC, reflecting the quality and impact of its research contributions. With its strategic location in Tamil Nadu and proximity to diverse coastal and marine habitats, the Department continues to be a hub of excellence in marine science, nurturing future generations of marine scientists committed to sustainable ocean stewardship.

About The Program:

The Department of Marine Science at Bharathidasan University proudly organizes Ocean's Fest, an intercollegiate talent meet that brings together enthusiastic students and budding scientists with innovative ideas. Ocean's Fest provides a vibrant platform for young and talented minds in the fields of marine science and life sciences to come together, share knowledge, and showcase their creativity through a variety of science-based events and competitions. The fest encourages scientific curiosity, collaboration, and healthy competition among participants from different institutions. Through this initiative, we aspire to nurture emerging talents and celebrate excellence, with the championship shield awarded to the most deserving minds.
