SOCIETY FOR REPRODUCTIVE BIOLOGY AND COMPARATIVE ENDOCRINOLOGY (SRBCE)

The SRBCE, a registered scientific society in India, had its genesis at the Department of Endocrinology, Dr. ALM Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani Campus, Chennai- 600 113 in April 1980 under the inspiration and leadership of Prof. P. Govindarajulu. The Society has been officially affiliated to the Society for the Study of Reproduction (SSR), USA. The SRBCE is one of the most regular, vibrant scientific societies in India with a regular annual meet in different parts of the country. The annual meet provides a platform for all scientists working in the fields of Endocrinology and Reproductive Biology to exchange ideas, update their knowledge and interact freely. The 43rd conference of the Society is being organized by Holy Cross College at Tiruchirappalli from September 7th to 9th, 2026. This workshop is pre-conference activity of the Society for 2026.

OBJECTIVE OF THE WORKSHOP

The objective of this workshop is to equip the participants with the knowledge and skills required to develop successful and competitive research grant proposals. The workshop will provide an understanding of the key components of grant writing, including identifying suitable funding opportunities, formulating research objectives, designing effective methodologies, and preparing realistic budgets. Participants will also gain insights into proposal evaluation criteria, common challenges in grant applications, and strategies for enhancing funding success. By the end of the workshop, attendees will be better prepared to write high-quality research proposals and improve their chances of securing research funding.
