

DEPARTMENT OF BIOMEDICAL SCIENCE
BHARATHIDASAN UNIVERSITY, TIRUCHIRAPPALLI-620 024
REPORT ON PARENT-TEACHER MEETING

Date: 04.04.2025

Venue: Seminar Hall, Department of Biomedical Science, Bharathidasan University

Time: 10.30 am to 3.30 pm

The Department of Biomedical Science, Bharathidasan University, hosted a Parent- Teacher Meeting on April 4, 2024. The purpose of this event was to enhance communication between parents and faculty, deliver updates on students' academic performance, and address any concerns or suggestions for improvement.

Attendance:

Around 32 parents of students were present at the meeting. The notable attendance reflects high parental engagement and concern for their children's Academic performance.

Agenda

The meeting followed a structured agenda:

1. Welcome Address

Dr. G. Mathan, Professor and Head of the Department, delivered the welcome address, highlighting the importance of parental involvement in the educational process.

2. Academic Performance Review

Faculty members provided in-depth presentations on students' academic performance, attendance statistics, and involvement in extracurricular activities. Furthermore, a comparative assessment with previous semesters highlighted the students' academic progress and achievements.

3. Feedback and Discussions

Parents had the chance to provide their thoughts and recommendations. A public forum enabled parents to pose questions and share their worries directly with the faculty. The parents were given a questionnaire as well. Every parent expressed satisfaction with the program's curriculum implementation concerning academic activities. All parents who have taken part have conveyed their satisfaction with their children's performance. Certain parents are requested to focus on students to enhance their scores. Certain parents voiced their opinions on offering a career guidance orientation program for students and fostering a robust relationship with alumni.

4. Future Plans and Initiatives

Dr. G. Mathan outlined the Department's future strategies, revising the curriculum to align with contemporary research trends and Job opportunities.

5. Individual Parent-Teacher Interactions

One-on-one interactions between parents and teachers were arranged to discuss specific issues related to individual students. Parents expressed high satisfaction with the curriculum, teaching methods, and the department's efforts in career guidance and student support. Also, they appreciated Dr. G. Mathan for his efforts in creating endowment awards for the well-being of students (**Endowment award for Internship programs and scholarships**). During the interaction, faculty members elaborated on the academic framework, internal assessments, lab activities, and shared details about internships, placements, and career counselling sessions.

The meeting concluded with a vote of thanks by Dr. K. Premkumar expressing gratitude, recognizing the parents' valuable input, and assuring them of the Department's commitment to the ongoing growth and well-being of the students. In general, the Parent-Teacher Meeting was an effective and positive occasion, enhancing the collaboration between parents and the faculty, which is essential for the comprehensive growth of the students.
