

INTERNATIONAL FOREST DAY (2018) WAS CELEBRATED IN DEPARTMENT OF ENVIRONMENTAL MANAGEMENT ,BHARATHIDASANUNIVERSITY,TRICHY

International Day of Forests-2018 was celebrated by the Department of Environmental management in Bharathidasan University on March 21st 2018. Shri Kamarasu of Organic farming trainer, (first student of Nammalvar)of Pudukottai was the chief guest. He interacted with the MBA environmental Management Students and research scholars. During the interaction with the students he said the country is facing lots of important environmental issues like pollution, deforestation, water scarcity, loss of biodiversity; these issues can be solved only by the students and for this should stand in front against such issues. If each one of us come forward to grow five native tree species in our life time our country will be the richest country in terms of its natural resource, he added. To create sustainable city, people should choose multipurpose trees for plantation, as they supply many producesbeside increasing biodiversity.On that day the department had also arranged quiz competition for students in addition to tree plantation. All the faculty members and students were present.
