UNU-IAS-Shimadzu Project on Monitoring and Management of POPs in Asia
International Training Course, 12th - 15th July 2016, Kyoto, Japan

Dear Mr. Mr. Vimalkumar Krishnamoorthi,

It is my pleasure to invite you to the forthcoming International Training Course on Analytical Method for Perfluorochemicals (PFCs) which is a part of Phase VII of the above-captioned UNU-IAS-Shimadzu project. The training course will be held from 12th July to 15th July at Shimadzu Corporation Laboratory in Kyoto, Japan.

The training course aims to enhance the participating countries' monitoring capacity of PFCs (especially PFOS and PFOA). Participants will gain analytical method for determination of PFOS and PFOA in surface water, sediment and biota utilizing modern analytical equipment, namely Liquid Chromatography Mass Spectrometry (LCMS). More details regarding your participation in the training course will be sent to you in due course.

UNU-IAS will arrange your travel and cover your expenses including a most direct economical airfare to Kyoto and return, local transportation, accommodation, registration and per diem.

If you have any questions or comments about the forthcoming International Training Course, please do not hesitate to contact Ms. Eiko Takashita (takashita@unu.edu) and Ms. Kana Moy (moy@unu.edu).

Sincerely yours,

Kazuhiko Takemoto
Director
United Nations University Institute for the Advanced Study of Sustainability
