To whom so ever it may concerned

This is to certify that **Ms. N. Priyadarshani**, UGC-BSR Meritorious Fellow, Nanophotonics Laboratory, School of Physics, Bharathidasan University, Tiruchirappalli – 620 024, India had visited our esteemed lab at School of Electrical Engineering, Pusan National University, Busan, South Korea during **19th December - 24th December 2016**. During her stay we had a healthy discussion about the ongoing research work on Dye-sensitized solar cells. She had also learned about the preparation, fabrication and testing of Dye sensitized solar cells.

K. Prabakar

Associate Professor
(K-PRABAKAR)
