The Centre for Distance Education (CDE) was established in the year 1992 with a view to providing facility to those who aspire for higher education but could not afford to attend regular programmes owing to either socio-economic constraints or employment status. There are online facilities for the CDE students to pay their fees, get their hall tickets, submit their exam applications. etc., Further our CDE students appointed in various Government Offices and leading MNC and private companies.

In this connection I am by direction, to inform that it is proposed to start our Learner Support Centres of Centre for Distance Education in the constituent and affiliated colleges of Bharathidasan University. If you are willing to have our Learner Support Centre in your college, kindly submit application to the Centre for Distance Education of this University.
