

Report of National Conference on Working with Youth, Women, and Children with HIV/AIDS: Strategic Interventions for inclusive Developments

(27th and 28th March 2012)

A National conference on working with Youth, Women and Children with HIV/AIDS was conducted on 27th and 28th March 2012. More than 200 academicians, NGO Personnel and Research Scholars participated in this conference. The programme focused on the strategic interventions for inclusive development.

The Outcome of the conference gave a concrete action plan to influence policies particularly that of the various states of our country which is related to Children, Women and Youth with HIV/AIDS. Mostly children are the victims of HIV/AIDS with no fault of theirs and hence the conference gave much priority to stretch out the education strategies for children to elucidate a programme and to cater the present and future requirements nature, forms, causes and effects of stigma and discrimination faced by the youth and children with HIV/AIDS and evolved methods to mitigate the issues related to it.

Hence the Programme was a grant success in achieving the objectives of the conference and thereby people from all fields benefited a lot. It paved a new way for the betterment of the humanity.
