

One day Seminar on “Women and Health” on 19.07.2013

Department of Women's Studies, Bharathidasan University organized a One day awareness programme on “Women and Health” on 19.07.2013. Dr.N.Murugeswari, Head(i/c), welcomed the gathering and the objective of the awareness programme. She narrated that in most of the family, women and girls has been given the health care in least. There is a need to understand that women and girls should be given more care than the male, because of their complex reproductive system. Dr.Chithra, Gynecologist served as a Resource Person. She explained how to maintain better health. She also clarified the doubts raised by the participants.
